THE FOLLOWING COMMENTS ARE IN REFERENCE TO NAB PETITION #04-160. I AM OPPOSED TO THIS PETITION AS I FIND XM RADIO'S PROGRAMMING FAR MORE CREATIVE AND INFORMATIVE THAN WHAT IS FOUND ON THE AM/FM BAND. I TRAVEL A LOT AND I DEPEND ON XM'S INFORMATION CHANNELS (ALONG WITH MUSIC CHANNELS). SATELLITE RADIO SHOULD BE ALLOWED TO DEVELOPE ON IT'S OWN WITHOUT RESTRICTIONS FROM REGULAR BROADCASTERS AND THE GOVERNMENT. THE FCC SHOULD ALSO GET ON WITH GRANTING LOW POWER FM STATIONS SO MORE COMMUNITIES WILL HAVE SATIONS THAT ACTUALLY SERVE THEIR COMMUNITY--ADDITIONAL FILING ''WINDOWS'' NEED TO BE OPENED SO MORE APPLICATIONS THAT WEREN'T FILED IN THE ORIGINAL ''WINDOWS'' CAN BE FILED. THANK YOU FOR READING MY COMMENTS.
